INDEX

TO

VOLUME I., MDCCCXXIX—XXX.

A

PAGE

Abdomen, injury to the 263
——— inflammation of, with abscess..... 304
——— affection of, in fever 464
——— pressure of, after delivery. 472
——— abscess of 509
——— bite of a boar in 526
——— contusions of 886
Abdominal diseases, remarks on.... 117
——— inflammation, Mr. Bates on 287, 405, 529
——— veins, extraordinary development of 424
——— disease, clinical lecture on 496
——— muscles, singular paralysis of 628
Abercrombie, Dr., on abdominal diseases 116
——— on diseases of the brain 222
Abernethy, Mr., remarks of Mr. Lawrence on..... 33
——— speeches of, at the Bat Club.. *50, *51, *55, 843, 846, 847, 848, 851, 852.
——— reply of, to Roderick 96
——— doctrines of 237
——— strictures on the practice of..... 466
——— ligature of the iliac artery by..... 694
——— professional rise and progress of 844
Ablution of venomous bites 650
Abscesses, operation for..... 393
——— treatment of 463
——— in erysipelas under the fascia 902
Abscess, formation of..... 174, 361
——— of the liver 228
——— phlegmonous, description of 361
——— ——— treatment of . 365
——— various situations of 367
——— discharge of, by operation. 367
——— in the hip..... 363
——— chronic, description of 394
——— ——— mode of discharging. 396

PAGE

Abscess, progress of, to the surface 457
——— of the foot 484
——— within and without the cranium ..... ib.
——— in the abdomen 509
——— in the left corpus striatum.. 806
Absorption, cure of abscess by..... 363
——— removal of parts by 457
Abstinence, importance of, in inflammation..... 299
Acupuncture, efficacy of, in rheumatism 271, 337
Adam, Dr., on a variation of hospital gangrene 447
Address to English medical students 45
——— to the readers of The Lancet 1
Adhesion, healing by 521
Advertisements, booksellers' profits by 200, 852
Adipose sarcoma, characters of..... 869
Ager, Dr., lectures by 18
Ague, prevalence of 744
Air, change of, in scrofulous disease. 713
Aldersgate Street School, opening of 116
——— lectures at 15, 47.
——— anniversary dinner of 745, 808
——— origin of its foundation 747
Alexander, Dr., on puerperal fever.. 339, 342.
Alison, Dr., clinical lectures of, 305—on marasmus, 353—incipient phthisis, 354—monomania, followed by cephalalgia, epilepsy, paraplegia, etc., 355—contagious fever, ib.—simple fever, 390—intermittent fever, ib.—true phthisis, 391 diabetes, 408—fever, 433—marasmus, ib.—anomalous pulmonary disease, 468—disease of the stomach, 469—climacteric disease; pericarditis, ib.—abdominal disease, 496—acute rheumatism, ib.—head disease, 497—disease of the fifth nerve, ib.—hemiplegia, ib.—paralysis, ib.—periostitis; disease of the

heart; syphilis; mercurial disease, 562—pleuro-pneumonia, 563—alternating pectoral and cerebral affections, 593—cabious eruption, 594—inflammation of the pleura, ib.—otalgia, ib.—dyspepsia, 595—pneumonia and pleuritis, ib.—pyrexia, ib.—acute rheumatism, with pericarditis, 597—pneumonia, 598, 656—disease of the spinal chord, 627—erysipelas, 628—typhus gravior, 629, 655—urticaria evanida, 656—decayed constitution, 657—chronic bronchitis, ib.—disease of the heart; dropsy, 658 intermittent fever, 659—contagious fever, 732—small-pox, 733—diptherite, 734—thoracic disease; stethoscope, 735—diabetes, 736—spasmodic affection, 736—conclusion 737.

——— sketch of 305
——— strictures in his treatment of fever 756
Amaurosis, cases of 473, 899
American physicians and surgeons .. 74
Americans, claims of, to the discovery of the ergot of rye 163, 245
Ammonia as an antidote to venomous bites 705
Amputation, early adoption of 141
——— improvement in operations of 697
Amussat, M., sketch of 598
Anasarca general, obscure case of, 437, 547.
——— and bronchitis, case of.... 758
———'description and treatment of 863
Anatomical preparations, new mode of putting up 180
——— Museum, Edinburgh, catalogue of 480
Anatomy, Mr. Lawrence on the study of 35
——— elevation of, at the expense of pathology 41
——— descriptive and general .. 100
——— general, Mr. Grainger's work on 187
——— and physiology, junction of ib.
——— morbid, of the guilet, &c. 506
——— Bill, progress of ..537, 704, 921
Andersonian University, remarks on the 406
Andral, Dr., eulogium on 406
——— pathological anatomy of 923
Aneurism, history of the operations for 693
——— of the aorta..... 481
——— of the arch of the aorta.. 678
——— of the aorta, clinical lecture on 879
——— of the arteria innominata, Mr. Wardrop's case of 19
——— per anastomosis, treatment of 230
——— of the ascending aorta.. 294

PAGE
Aneurism of the renal artery, 388, 440, 504, 544, 576, 611, 613.
——— progress of, to the surface 457
Angina, pectoris, character of 325
——— pharyngia, cases of 359
Angustura bark, medicinal virtues of 55
Animal matters, production of, mortification by 432
Animals, tubercles in the lungs of 674
Antimony, employment of, in inflammation 299
——— tartarised, effects of, previous to abrasion..... 300
Antiseptics, meaning of the term .. 428
Antrum, tumour of..... 308
Aorta, rupture of the 216
——— ascending, aneurism of the .. 294
——— aneurism of the 481
——— aneurism of the arch of the .. 678
——— aneurism of the, clinical lecture on 879
Aperients, success of, in tetanus ... 589
Apoplexy, Dr. Woodforde on 276
——— simple, case of 306
Apothecaries' Hall, regulations to be observed at 18
——— Company, most absurd regulation of *49
——— strictures on the regulations of the 543
——— defence of, by Mr. R. T. Webb 385
——— neglect of their duties 503
——— rejection of a member of the college by the 531, 707
——— uselessness of 548
Apparatus, Sheldrake's, for spinal curvature 149
Apprenticeships, medical, remarks on..... 156
Aracan fever, account of 445
Argemone mexicana, oil of, purgative 51
Armstrong, Dr., Mr. Earle's application to 348
——— lamented death of .. 409
——— on mercury and bleeding in inflammation..... 625
Arnott's Elements of Physics, 608, 711, 802
——— Mr., acquaintance of, with Marlborough Street police-office.. 584
Arsenic, case of poisoning by 195
——— detection of, many years after death 472
——— employment of in venomous bites 650
——— aphrosidiac effects of.. 744
——— in neuralgia 744
——— in leprous affection 808
Arteria innominata, aneurism of.... 19
Arteries, aneurism of..... 693

PAGE
Arteries, torsion of..... 134, 232, 600
——— ossification of 426
Arteriotomy, process of..... 267
Artery, temporal, rupture of 61
——— carotid, ligature of..... 182
——— renal, rupture of, 388, 389, 440, 504, 544, 576, 611, 613.
Asphyxia, singular case of..... 164
Atlas, dislocation of 240
Atmosphere, effect of on the pulse.. 87
Attendance, power of general practitioners to charge for, 538, 571, 613, 671, 701, 760, 807, 711.
Attorney General, the, and Dr. Granville 421
Anchincloss, Dr., on a case of lithotomy, at the Glasgow infirmary, 244, 112
Auscultation extraordinary 96
——————— in œdema of the lungs. 401
Axilla, disease of the glands of the, 233, 395
Ayre, Dr., reply of to Mr. Sleigh ... 513

B

Badham, Dr., proposal of, to reward medical pupils by prizes 889
Baillie, Dr., strictures on his views of paraplegia 883
Bark, the, of mad dogs 70
Barnard, Dr., on the cure of ovarian dropsy..... 511
Barrow, Mr. J., case by, of dose of black-wash swallowed..... 672
Barry, Dr., diagnosis of, in Mrs. Denmark's case..... 19
Bat Club, first general meeting of .. *50
——— second general meeting of, 843
——— notices of the, 200, 264, 488, 760, 808.
——— proposed exclusion of reporters from..... 96
—— party, sudden change in the .. 217
—— a Winchester, treatment of his pupils 895
Bateman, Dr., arrangement of the diseases of the skin by..... 878
Bates, Mr., on abdominal inflammation..... 287, 405, 529
Bats, conflict of, with an owl 32
—— the "all in all" of 43
—— at the Glasgow Infirmary..... 112
—— flight of, to King's College 124
—— inconvenience of 133
—— creed of the..... 159
—— new works by..... 199
—— journal, destruction of 349
—— flight of, from Windmill Street, 444 573.
—— and humbugs, combination of medical men against 476
—— designs of, at the Westminster Hospital..... 537

PAGE
Bats, invidious distinction shown to 702
Bayle's General Anatomy..... 352
Belcher, Dr. W., case of protracted labour by..... 246
Bell, Mr. C., address of, to his pupils 315
——— deficiency in the surgical lectures of 664, 709
Best, judge, decision of, in Town v. Gresley..... 573
Bile, efficacy of the haimarada in attacks of 52
—— absorption of, into the system.. 600
Binge, Mr., information against 377
——— letter from 413
Bites of venomous serpents, treatment of..... 649, 651, 705, 800
——————————— mode of distinguishing from fright..... 706
Bitter blairr, medicinal qualities of.. 51
Black-wash, large dose of, swallowed 672
Bladder, bullet shot into 31
——— injection of..... 23
——— disease of....115, 127, 261, 628
Blair, Mr. C., letter from 808
Bleeding in inflammation ..267, 297, 624
——— in rheumatism 271
——— in apoplexy..... 276
——— inefficacy of, in hydrophobia, 438, 620.
——— importance of, in peritonitis 754
——— general observations on .. 796
——— fatal effects of 797
Blicke, Dr., remarks of, on a case of aneurism of the renal artery, 389, 440, 504, 544, 576, 611, 613.
——— letter from Mr. Gosset to 617
Blind Depôt, Warwick Street, exposure of the decline of the 347
——— Cerberus, at the, 698, 803
Blindness, singular case of..... 224
Blizard, Sir William, speeches of, at the Bat Club... *50, 843, 847, 848, 849
Blood, changes in the..... 68, 88
——— the, capable of communicating rabies..... 71
——— phenomena of, in pulsation.. 83
——— change of, in typhus 107, 116
——— temperature of, in inflammation 138
——— characters of the, in inflammation..... 206, 267, 298
——— loss of, regulations for 269
——— separation of chyle from 704, 744
——— Hall, on the loss of 796
——— transfusion of.....369, 511
Blood-vessels, resistance of, to mortification 398
——————— passage of, from the bowels 480
Blundell, Dr., remarks of, on flooding 499
——————— Thomas, lectures by .. 17
Boa constrictor, jaw of 649
Boar, bite of..... 526
Boils, character and treatment of .. 858

PAGE

Bond, the noted *51
Books, Mr. Lawrence on the study of 40
Botany, medical, advantages and promotion of 52, 250, 542
Bow, Dr., on fever and nervous action 350
Bowels, action of mercury on 730
Bowen, Mr. W., letter of, on non-medical coroners 503
Bradford, Mr. R., history of Peter Elder's case, by 755
Brain, loss of, without injury .. 77, 96
——— concussion of .. 131, 306, 550, 854
——— inflammation of 169
——— Abercrombie on diseases of.. 222
——— human, phrenological changes in 227
——— circulation independent of the 325
——— rupture of 550
——— disease of 561
——— removal of, without affecting sensation or motion 594
——— improved investigation of the 695
Brande, Mr., on preparations of sarsaparilla..... 146
——— Solomon, corrective note from 64
